PRODUCT	**NovaMask 90 Blue 14-Day Masking Tape**			

NovaMask 90 Blue 14 Day is a premium quality crepe paper masking tape, with an acrylic pressure sensitive adhesive offering clean removal from a wide variety of surfaces for up to 14 days. The low to medium tack adhesion provides clean release without shredding for the most demanding paint applications; from smooth to moderately textured surfaces, even after exposure to sunlight or UV.

Meeting the needs of the professional decorator or hardwood floor finisher, it delivers sharp, clean lines with no risk of paint removal or residual adhesive when removed from; painted walls, hardwood floors, glass, plastic, metal, woodwork trim and window frames. The crepe backing is conformable around sharp corners and the acrylic adhesive gives immediate adhesion resisting lift or curl.

Technical Data

Parameter	Specification
Carrier	Crepe Paper
Colour	Blue
Adhesive	Lo-Tack Acrylic
Thickness	0.144mm
Short-Term Temperature	100°C
Long-Term Temperature	80°C
Tensile strength	97.2/25mm
Elongation	6%
UV Resistance	14 days, clean removal from glass
Shelf Life	12 Months
Dimensions	25mm x 50m (48/carton)
